GENERAL INFORMATION

ProBond is a water-conditioning agent/humectant/surfactant/drift reduction agent with defoamer, that is formulated to enhance pesticidal performance. **ProBond** contains buffering and chelating agents which aid in maintaining the right pH in the tank mix solution and block hard water cations from interacting with the pesticide molecule. **ProBond** contains surfactant to improve retention and wetting of pesticides. **ProBond** contains no ammonium sulfate (AMS).

DIRECTIONS FOR USE

Add 2 to 4 quarts of **ProBond** per 100 gallons of spray water (0.5 – 1.0% v/v) when used in place of ammonium sulfate. For general use as a drift reduction agent (DRA) use 1 to 3 quarts of **ProBond** per 100 gallons of spray water (0.25 – 0.75% v/v).

Prior to use, read and follow all directions on this label and on the label of the pesticide being used. The pesticide manufacturer's label for specific usages and restrictions has precedence over DIRECTIONS FOR USE referred to on this label. **Tank mix combinations must show that ProBond is approved as a DRA before use. This information is available on the respective herbicide tank mix website.**

MIXING

All spray mixing and application equipment must be thoroughly cleaned before pesticides are applied.

1. Fill spray tank half full of water and start agitation.
2. Add desired rate of **ProBond** to water before adding pesticides.
3. Add pesticides as directed by the label, while maintaining agitation.

STORAGE AND DISPOSAL INFORMATION

STORAGE: Store product in original container only. Do not allow other chemicals to be introduced into the container. Keep this container closed when not in use. **Protect From Freezing / Shake Well Before Use.**

DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Triple rinse container and pour rinse into spray tank. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Dispose of contents/container in accordance with local/national regulations.
