**EPA Reg. No. 73049-45**

**FOR APPLE HARVEST MANAGEMENT AND IMPROVEMENT OF FRUIT QUALITY**

**This FIFRA Section 2(ee) Recommendation Expires December 31, 2026**

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This recommendation is made as permitted by FIFRA Section 2(ee) and has not been submitted to or approved by the U.S. Environmental Protection Agency. This 2(ee) recommendation contains directions for use, which do not appear on the package label and must be in the possession of the user at the time of ReTain<sup>®</sup> Plant Growth Regulator application. Follow all applicable directions, restrictions, Worker Protection Standard requirements and precautions on the EPA registered label.

<b>Crop</b>	<b>Objective/Benefit</b>	<b>Application Timing/Use Directions</b>
<ul style="list-style-type: none"><li>• Apple</li></ul>	For harvest management and improvement of fruit quality	<p>Under poor coloring conditions, Retain Plant Growth Regulator may be used at a one-half pouch per acre rate to minimize potential delays in fruit coloration.</p> <p>Adjust spray mix such that use of partial pouches of Retain Plant Growth regulator is not necessary – i.e. Apply one pouch per two acres.</p>

For all other use directions, including timing of applications, refer to the EPA registered label.
